# INDEX

SUBJECT

accountability for health for all, 211–215
*Achieving success in community water supply and sanitation projects*, 170
acquired immunodeficiency syndrome (AIDS), 47, 52–53, 106
  Africa, 52, 122
  Eastern Mediterranean, 73
  Europe, guidelines, 84
  safety of blood and blood products, WHO recommendations, 125–126
action programme on essential drugs and vaccines, *see* essential drugs and vaccines
acupuncture and herbal medicine, Western Pacific, 26
acute respiratory infections, in children, in developing countries, 243–244
  South-East Asia, 24, 172
*Acute respiratory infections in South-East Asia: report of an Intercountry Meeting*, 172
Advisory Committee on Health Research (ACHR), 108
Advisory Committee on Medical Research (ACMR), 53–54, 55–56
  change of title, 108
  Eastern Mediterranean, 72
  report of subcommittee on health research strategy for health for all/2000, 53–54
  South-East Asia, 23, 171–172
  Western Pacific, 28
*Aedes aegypti*, Americas, 70
Africa, acquired immunodeficiency syndrome, 52, 122
  cooperation with front-line countries, 107
  countries affected by drought and famine, 106–107
  emergency preparedness programme, 229–234
  epidemiology training, 158
  female circumcision, 35
  hepatitis B, 74–75
  mortality, infant, 78
    maternal, 176
  national WHO programme coordinators, 53
  new regional structure, 231, 235–237
  special programmes of cooperation, 107
  *see also* cancer; diarrhoeal diseases; health and development; health manpower development; smoking; training; yellow fever
African crisis and WHO's response, 229–234
African Organization for Research and Training in Cancer, 74
Aga Khan Foundation, collaboration with WHO, 126–128
Agency for International Development, USA, 75, 116
AIDS, *see* acquired immunodeficiency syndrome
aircraft, disinsection, 160–162
Al Sabah Foundation, Kuwait, 72
alcohol, and drug abuse policies, Western Pacific, 26
  and drug-dependent persons, 204
  and related problems, Europe, 21
  in medicaments, Eastern Mediterranean, 73
*Alcohol policies*, 21
Algeria, health care facilities, 44
Americas, *Aedes aegypti*, 70
  animal health, 69
  earthquake, Mexico, 66
  economic crisis in Latin America and the Caribbean, impact on health, 152–157
  eye disorders, 206–207
  health of adults, 68
  hepatitis B, 70
  mortality, infant, 78, 100
    maternal, 176
  poliomyelitis elimination, 69
  programme budget, 67
    regional policy, 67
  Regional Committee, thirty-seventh session, 66–70
  technical discussions, suspension of, 70
  technological disasters: a public health challenge, 14, 232
  *see also* elderly; emergency relief operations; essential drugs and vaccines; Expanded Programme on Immunization; health and development; health manpower development; health services; International Drinking Water Supply and Sanitation Decade; malaria; maternal and child health; nutrition; Pan American Health Organization; smoking; water supply and sanitation; women, health and development
ammonia, effects on health and the environment, 205
Angola, emergency relief operations, 229
  special programme of cooperation, 107
*Approaches to planning and design of health care facilities in developing areas, Volume 3*, 44

appropriate health technology, at family and community levels, 126–128
*Appropriate technology for health newsletter,* 163
*Appropriate use of fluorides for human health,* 204
Arab territories, occupied, health conditions, 108
Argentina, contribution to Pan American Zoonoses Center, 69
Association of Official Analytical Chemists, 43
Australia, cardiovascular disease control, financing, 29
health manpower development, fellowships, 30
mental health services, 123
Ayadaw Township People's Health Plan Committee, Burma, 94–95

Bangladesh, health care system, 171
neonatal tetanus control, 37–38
Barbados, community participation in health and development, 88
*Basic principles for control of acute respiratory infections in children in developing countries. A joint WHO/UNICEF statement,* 243–244
basic radiological system, *see* WHO Basic Radiological System
*Basic tests for pharmaceutical substances,* 203–204
battered children and child abuse, 239–240
Bhutan, health care system, 171
biomass fuel smoke, 6, 238
biomedical information, Europe, 245–246
Biometric Society, 55
birth care and services, Europe, 168
blindness, learning materials for health workers, 126
Onchocerciasis Control Programme, Eastern Mediterranean, 72
vitamin A deficiency, South-East Asia, 23
blood and blood products, safety of, 52, 84
WHO recommendations, 125–126
*Blood pressure studies in children. Report of a WHO Study Group,* 17
Botswana, emergency relief operations, 231
special programme of cooperation, 107
Brazil, community participation in health and development, 88
breast-feeding promotion, 103
brucellosis control, 19–21, 187, 208
*Bulletin of the World Health Organization,* Vol. 63, contents, 42
Vol. 64, contents, 83, 130, 166, 203, 242–243
Burma, Ayadaw Township People's Health Plan Committee, 94–95
health care system, 171

Cameroon, Centre universitaire des Sciences de la Santé, 74
Canada, disaster preparedness in the Americas, financing, 69
Canadian National Nurses' Association, 221
cancer, Africa, 74–75
research, 164–165
South-East Asia, 24
*Cancer pain relief,* 248
carcinogenic risk of chemicals, 247
cardiovascular diseases, Western Pacific, 29
*Care of children in hospital,* 169–170
Centre universitaire des Sciences de la Santé, Yaounde, Cameroon, 74
Certification Scheme on the Quality of Pharmaceutical Products moving in International Commerce, 5, 188–193
Charter for Health Development, Africa, 235
chemical warfare, 107
chemicals, assessment of neurotoxicity, 244
effects on reproduction, 200–201
risks from, during infancy and early childhood, 205–206
*see also* International Programme on Chemical Safety
child, abuse, 239–240
nutrition, 103
Western Pacific, 28
children, acute respiratory infections, 243–244
blood pressure, 17
care of, in hospital, 169–170
*Children and family breakdown: report on a WHO Meeting,* 169
Chile, Institute of Health Education, 15
China, brucellosis vaccine, 20
mental health, 29, 123, 124
oesophageal cancer, 164
vector control research, 228
chlordecone, toxicity of, 244
circumcision, female, 31–36
letter to the Editor, 241
*Clinical management of acute malaria,* 246–247
Codex Alimentarius for Latin America and the Caribbean, Coordinating Committee, 69
Codex standards for food safety, 15
collaborating centres (WHO):
acquired immunodeficiency syndrome (AIDS), 84
community water supply, 238
environmental management for vector control, 227
influenza, 82
research and training in food hygiene and zoonoses, joint FAO/WHO, 40
Collaborative International Pesticide Analytical Council, 43
Colombia, community participation in health and development, 88
Commission of the European Communities, 79
publications, 205–206
Commonwealth Medical Association, 55
communicable diseases, epidemiological surveillance, 80–81
South-East Asia, 24, 25

*Community health worker,* 13
community health workers, information for, on essential drugs, 201
*Community participation in health and development in the Americas: an analysis of selected case studies,* 88
Conference of Experts on the Rational Use of Drugs, 3–5, 50, 57, 77, 101–102
Conference on Planning and Management for Health, Europe, 169
Conference on Primary Health Care in Industrialized Countries, 87
Conference on the Emergency Situation in Africa, 229
*Control of schistosomiasis. Report of a WHO Expert Committee,* 18, 84
controlling the hazards of development. Are the developing countries ready?, 6–11, 55, 171
Convention on Psychotropic Substances, 130, 149, 163
Council for International Organizations of Medical Sciences, battered children and child abuse, 239–240
  health manpower out of balance, 240–241
  XIXth Round Table Conference, 240
  XXth Round Table Conference, 240
Cuba, community participation in health and development, 88
  health care facilities, 44
Cyprus, nursing education, 220

Darling Foundation Prize, 92–93
Democratic People's Republic of Korea, health care system, 171
  meeting of ministers of health, future session, 76
Denmark, Institute of Social Medicine, University of Copenhagen, 167
dependence-producing psychoactive substances, guidelines, 47, 54–55
development, and health, Africa, 53
  environmental hazards of, 6–11, 14, 55, 171
  food safety, 14–15
diagnostic radiology, 84, 205
  for underserved populations, 135–140
  in developing countries, 42
*Dialogue on diarrhoea,* 75
diarrhoeal diseases, control programme, 116
    research funding, 128–129
  Eastern Mediterranean, 72
  information centre, Africa, 75
  oral rehydration, 116–118
  South-East Asia, 24, 172
Director-General, addresses to WHO Regional Committees, 27, 211–215
  report for 1984–1985, 92, 109–115
  *see also* Mahler, H. (in index of names)
disaster relief operations, Africa, 229–234
dracunculiasis control, 104
drinking-water quality, guidelines, 43
  *see also* International Drinking Water Supply and Sanitation Decade
drought-stricken countries, 106–107, 229
drug, abuse, international conference, 164
    policies, Western Pacific, 26
  control treaties, guidelines, 47, 54–55, 150, 163–164
  dependence, 130, 149–150, 163–164, 204
  regulatory authorities, international conference, 4, 11
*Drug information,* new WHO quarterly, 210
drugs, containing alcohol, Eastern Mediterranean, 73
  essential, *see* essential drugs and vaccines
  information for community health workers, 201
  narcotic and psychotropic substances, abuse, 106
    control, 130, 149–151, 163–164
  procurement, South-East Asia, 76
  quality control, certification scheme, 5, 188–193
  rational use, WHO conference of experts, 3–5, 50, 57, 77, 101–102
  schistosomiasis control, cost of, 18
*Drugs for the elderly,* 86
*Drugs in general practice: report on a WHO Meeting,* 44

Eastern Mediterranean, acquired immunodeficiency syndrome (AIDS), 73
  Advisory Committee on Medical Research, 72
  alcohol in medicaments, 73
  brucellosis, 19
  emergency preparedness programme, 229–234
  *Epidemiological bulletin,* 73
  female circumcision, 31–36
  infant mortality, 78
  joint government/WHO programme review missions, 71, 73
  nursing education, 220
  programme budget, Regional Consultative Committee report, 71–73
    regional policy, 71
  refugees and displaced persons, 107
  Regional Committee, future sessions, 73
    method of work, 73
    thirty-second session, 70–73
    thirty-third session, 211–215
  Regional Director, biennial report, 70–71
  Regional Office, publications, 32, 73
  teaching/learning materials, 122–123
  technical discussions, 73
  WHO Basic Radiological System, 140
  *see also* blindness; diarrhoeal diseases; Expanded Programme on Immunization; health for all by the year 2000; health manpower development; health services; International Drinking Water Supply and Sanitation Decade; maternal and child health; medical education; Onchocerciasis Control Programme; research; smoking; Special Programme

for Research and Training in Tropical Diseases; *World health situation report*
economic crisis in Latin America and the Caribbean, impact on health, 152–157
Ecuador, community participation in health and development, 88
*Education and training of nurse teachers and managers with special regard to primary health care. Report of a WHO Expert Committee,* 12
education for health, *see* health education and public information
education for nurses, Europe, 131–132, 220
elderly, care of, Western Pacific, 30, 123
drugs for, Europe, 86
mental health of, 141–148
well-being of, Americas, 165, 167–168
emergency, epidemics, public health action, 202, 228
health kit, 203
relief operations, Africa, 229–234
Americas, 14, 69, 232
Eastern Mediterranean, 229–234
environmental health, controlling the hazards of development, 6–11, 14, 55, 171
Europe, 168, 207
South-East Asia, 24, 171
vector control, 226–228, 243
Western Pacific, 38–39
*Environmental health aspects of industrial and housing estates,* 171
*Environmental Health Criteria 54: Ammonia,* 205
*Environmental Health Criteria 59: Principles for evaluating health risks from chemicals during infancy and early childhood: the need for a special approach,* 205–206
*Environmental Health Criteria 60: Principles and methods for the assessment of neurotoxicity associated with exposure to chemicals,* 244
*Environmental Health Criteria 66: Kelevan,* 244
*Environmental Health Criteria 67: Tetradifon,* 244–245
*Environmental pollution control in relation to development. Report of a WHO Expert Committee,* 7, 11, 14
*Epidemiological bulletin, Eastern Mediterranean Region,* 73
epidemiological surveillance, communicable diseases, 80–81
in emergencies, 202
*Epidemiology of leprosy in relation to control. Report of a WHO Study Group,* 16
*Epidemiology of occupational health,* 245
epidemiology training, Africa, 158
essential drug kits for rural Kenya: an interview with Dr Wilfred Koinange, 57–60, 77
essential drugs and vaccines, action programme, 3–5, 57, 77, 101–102, 201
Americas, 68–69, 99
model list, 201, 203
use of, 56
Western Pacific, 27
*Essential drugs monitor,* 57, 77, 201
Ethiopia, emergency relief operations, 229–230
vector control, 227
Europe, acquired immunodeficiency syndrome (AIDS), guidelines, 84
alcohol-related problems, 21
anti-smoking campaign, 237
Conference on Planning and Management for Health, 169
mortality, infant, 78
maternal, 176
nuclear power accident, USSR, 100–101
Regional Committee, thirty-sixth session, 212, 215
Regional Office, publications, 21, 44, 84–88, 131–132, 168–170, 207–208, 245–246
Working Group on Indoor Air Quality Research, 207
